

AMERICAN IDOLS

PART 1

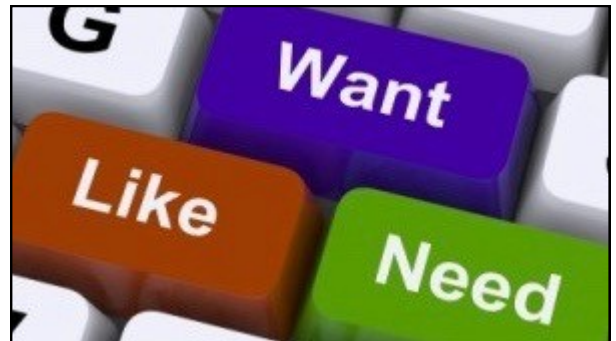

The Tenth Commandment says, _____

Companies spend billions of dollars on commercials to get us to covet their stuff. The problem is that those things don't really make our lives any better. In fact, desiring a bunch of stuff can sometimes cause us to push God out of our lives to make room for that other stuff.

What are some things that you have been coveting (really wanting) lately?

PART 2

Would you give those things up because God has something better for you? If not, what gives you pause?

PART 3

Spend time in prayer and quietly ask God the questions below. Write down what you hear.

1. "What better things do you have for me?"

2. "Lord, what do I need to stop doing, get rid of, etc. to be a good and faithful servant of Yours?"
